Why choose *Kids Get Math* products?

- Materials were created exclusively for educators in **TEXAS!**
- Resource books provide a timeline for teachers, critical vocabulary for each unit, student content maps or coloring books, and unit assessments addressing 100% of the Texas Essential Knowledge and Skills expectations.
- Use of content maps are **research-based** impactful practices in the classroom.
- Unit assessments build as the year progresses, with a heavy emphasis on critical content – the Readiness Standards identified by the state of Texas.
- Kits can eliminate hours of teacher prep time, allowing instructors to focus on learners and instruction.
